Products & Services

Imenco is a major EPC-contractor to offshore maritime industries.

Imenco design, develop and manufacture helicopter fuel systems, diving systems, ex cameras, lifting and handling products, subsea cameras, lights and lasers. More than thirty years of experience gives our customers added value and smart solutions.

Our engineering team is specialized in the area of mechanics, hydraulics and electronics engineering and we provide services for some of the worlds leading oil and drilling companies.

Imenco is approved by Achilles and DNV, and our integrated management system is certified according to NS-EN ISO 9001: 2008.

Imenco and the famous cost reduction

● -50%*

- *Income, employees, activity and more.

New Markets to maintain and grow activity

▶ Offshore wind

▶ Aquaculture

Transition to new markets

▶ A market unknown

- ▶ Market potential was investigated
- ▶ Understanding the market
 - ▶ Exhibitions
 - ▶ Conferences
 - ▶ Online available market and technical information

Strategic decisions

- ▶ Core competence
- ▶ Reach market as soon as possible
- ▶ Define and attract first movers
- ▶ Quality, Service and competitive price

Subsea Product

20 years of experience
with ROV operated
subsea tools

▶ Cutting

▶ Drilling

▶ Clamps

▶ ROV Shackle

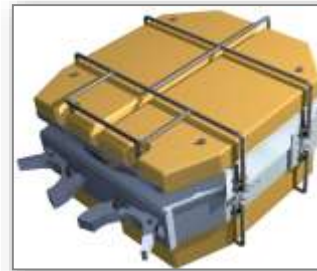

Chain Saw

Torque Tools

Manipulator Jaws
(3 and 4 fingers)

Mantis
(chain/pipe
cutter)

Wire Cutters

Subsea Cameras & Electronics

14,1 mpx Digital still Camera

150 mW Green Subsea Laser

Main ROV Camera
WA 18x Zoom

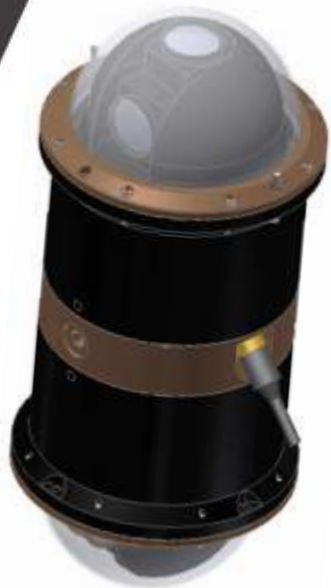

Feeding and Inspection Camera

- IP based system
- Encoding of video and sensor data in the camera
- User client with video overlay

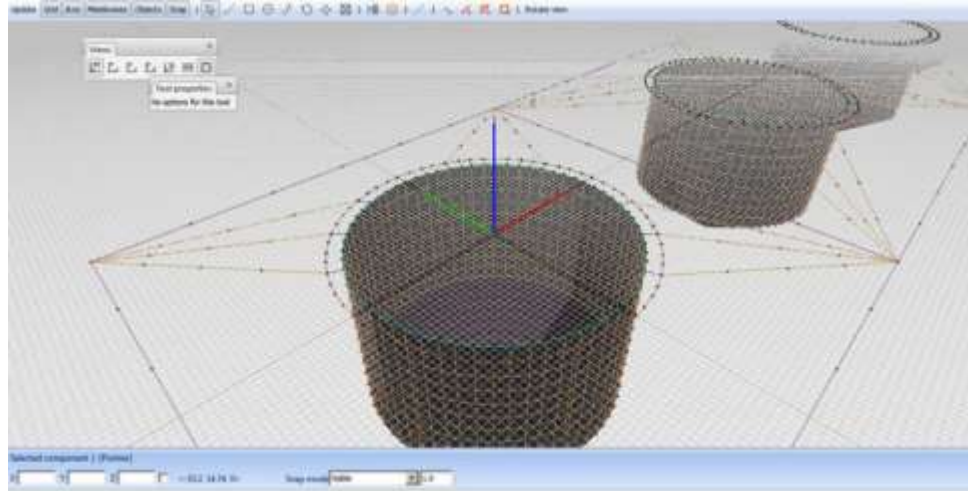

Imenco Camera System
