

Funding opportunities & COVID-19 measures

GCE Ocean Technology - Subsea Innovation Day

Special Adviser Tarjei N. Malme
The Research Council of Norway

We are constantly adapting to the situation

Measures and adjustments are continuously updated on our homepage

- General measures
- Measures specifically for private sector

Several measures for private sector

Open-ended call for
Innovation projects

SkatteFUNN
Faster handling of proposals

Open-ended call for
Demonstration projects

Contractual flexibility in
running projects

Optimal flexibility within
State Aid rules

Adjustements in
coming new calls

Open-ended call for Innovation Projects for the Industrial sector (IPN)

- Aim: To stimulate companies in industry to invest in and utilize R&D as a crucial part of their innovation strategy for sustainable competitive advantage and growth
- Norwegian companies can apply together with partners or contractors
- Duration: 2-4 years
- RCN grant: min. 2 mill. NOK, max. 16 mill. NOK
- Grant support level from 25 to 80 percent (in accordance with ESA rules)
- Total RCN-budget: Up to 1,5 billion NOK

Petroleum a central topic

- 75 mill. NOK +
- All PETROMAKS 2 topics included
 - Subsea technology and digitalization highly relevant
 - A special emphasis on technology that reduces green house gas emissions

Open-ended call for demonstration projects in the petroleum sector

- 100-110 mill. NOK +
- Aim: To pilot, test and demonstrate new technology for use on the Norwegian continental shelf or to sell in international markets.
- Norwegian companies can apply together with end users
- Duration: 1-3 years
- RCN grant: min. 1 mill. NOK, max. 20 mill. NOK
- Grant support level normally at 25 percent (in accordance with ESA rules)
- All DEMO2000 topics included
 - Subsea technology and digitalization highly relevant
 - A special emphasis on technology that reduces green house gas emissions

Knowledge-building projects for Industry - Deadline: 2.9.2020

- Aim: Build industry relevant competence in the R&D organizations
- Project duration 2-5 years
- Norwegian R&D organizations can apply together with industry
- Amount of funding: minimum 4 mill. NOK
- Funding from RCN maximum four times the total cash contribution from the Norwegian partners
- RCN covers costs in the R&D community
- Flexibility during first year

278 mill. NOK for projects within:

Energy,
transportation
and low emissions

Oceans

Petroleum

PETROMAKS 2 Innovation Projects (IPN) and Knowledge-building projects (KSP-K)
